

**MG9 62s****Multiplication & Division II**

Fill in the blanks with the appropriate numbers.

4)

$$\begin{array}{r} \square R \bigcirc \\ 29 \overline{) 270} \\ \underline{\square \square \square} \\ \bigcirc \end{array}$$

$$\begin{array}{r} 30 \times \square \Rightarrow 270 \\ - \underline{1} \times \square \Rightarrow - \quad 9 \\ \hline \square \square \end{array}$$

Check:  $270 = 29 \times \square R \bigcirc$

5)

$$\begin{array}{r} \square R \bigcirc \\ 39 \overline{) 360} \\ \underline{\square \square \square} \\ \bigcirc \end{array}$$

$$\begin{array}{r} 40 \times 9 \Rightarrow \square \square \square \\ - \underline{1} \times 9 \Rightarrow - \quad \square \\ \hline \square \square \square \end{array}$$

Check:  $360 = 39 \times \square R \bigcirc$

6)

$$\begin{array}{r} \square R \bigcirc \\ 74 \overline{) 228} \\ \underline{\square \square \square} \\ \bigcirc \end{array}$$

$$\begin{array}{r} 70 \times \square \Rightarrow \square \square \square \\ + \underline{4} \times \square \Rightarrow + \quad \square \square \\ \hline \square \square \square \end{array}$$

Check:  $228 = 74 \times \square R \bigcirc$
